WORK EXPERIENCE

Digital Transformation Lead / Senior Consultant Dubai Customs

01/2008 - Present

Dubai

Achievements/Tasks

- Led the digital transformation of the Cross-Border E-Commerce Platform for Dubai Customs, utilizing machine learning techniques to improve customer experience and increase the adoption of using FZ as e-commerce Hub by companies like Amazon. Due to Automated single window declaration submission system, establishing Dubai as an e-commerce hub.
- Utilizing machine learning techniques to improve tracking of customer containers movement to suppliers by Identifying use cases for Block chain integration with IoT. Machine learning algorithms can be used to predict which containers will be moved and when to optimize routes for the shipping company, and to schedule inspections which allows for reducing the chances of errors.
- Implemented a customer-centric model for the integration of Dubai Customs' Core System with other government entities (e.g. Dubai Municipality), resulting in a 40% decrease in processing time for customers.
- Improved Inspection service for Dubai Customs through booking and Planning Module for Inspection Service and later integrated it with Dubai Ports for seamless synchronized Inspection Booking and container release in time. and introduced X-Ray Drive through Service for better user experience.
- **As I.T P.M** As I.T P.M As an I.T Project Manager, managed the enhancements release of the Mirsal-2 Declaration Project using an agile methodology.
- **As Tech Lead** As Tech Lead Led the development of a tool for handling system critical faults using SOA methodology, increasing system reliability as a Tech Lead.

CERTIFICATES

AWS Certified Machine Learning – Specialty (01/2023)

AWS Solutions Architect - Associate (03/2022)

Microsoft Azure Fundamentals (09/2001)

Microsoft Azure AI Engineer (10/2001)

Serverless ML using Tensor flow on Google Cloud

Issued by Google

IBM Blockchain Essentials

Issued by IBM

Applied Data Science with Python

Issued by IBM

Data-driven Decision Making

Issued by PCW
